

THErapy CONSENT, POLICIES, & AGREEMENT PART I: THERAPEUTIC PROCESS

BENEFITS/OUTCOMES: The therapeutic process seeks to meet goals established by all persons involved, usually revolving around a specific complaint(s). Participating in therapy may include benefits such as the resolution of presenting problems as well as improved intrapersonal and interpersonal relationships. The therapeutic process may reduce distress, enhance stress management, and increase one's ability to cope with problems related to work, family, personal, relational, etc. Participating in therapy can lead to greater understanding of personal and relational goals and values. This can increase relational harmony and lead to greater happiness. Progress will be assessed on a regular basis and feedback from clients will be elicited to ensure the most effective therapeutic services are provided. There can be no guarantees made regarding the ultimate outcome of therapy.

EXPECTATIONS: In order for clients to reach their therapeutic goals, it is essential they complete tasks assigned between sessions. Therapy is not a quick fix. It takes time and effort, and therefore, may move slower than your expectations. During the therapy process, we identify goals, review progress, and modify the treatment plan as needed.

RISKS: In working to achieve therapeutic benefits, clients must take action to achieve desired results. Although change is inevitable, it can be uncomfortable at times. Resolving unpleasant events and making changes in relationship patterns may arouse unexpected emotional reactions. Seeking to resolve problems can similarly lead to discomfort as well as relational changes that may not be originally intended. We will work collaboratively toward a desirable outcome; however, it is possible that the goals of therapy may not be reached.

STRUCTURE OF THERAPY:

- **Intake Phase** – During the first session, therapeutic process, structure, policies, and procedures will be discussed. We will also explore your experiences surrounding the presenting problem(s).
- **Assessment Phase** – The initial evaluation may last 2-4 sessions. During this assessment phase, I will be getting to know you. I will ask questions to gain an understanding of your worldview, strengths, concerns, needs, relationship dynamics, etc. During this relationship building process, I will be gathering a lot of information to aid in the therapeutic approach best suited for your needs and goals. If it is determined that I am not the best fit for your therapeutic needs, I will provide referrals for more appropriate treatment.
- **Goal Development/Treatment Planning** – After gathering background information, we will collaborate to identify your therapeutic goals. If therapy is court ordered, goals will encompass your goals and court ordered treatment goals, based on documentation from the court (please provide any court documents). Once each goal is reached, we will sign off on each goal and you will receive a copy.
- **Intervention Phase** – This phase occurs anywhere from session two until graduation/discharge/termination. Each client must actively participate in therapy sessions, utilize solutions discussed, and complete assignments between sessions. Progress will be reviewed, and goals adjusted as needed.
- **Graduation/Discharge/Termination** – As you progress and get closer to completing goals, we will collaboratively discuss a transition plan for graduation/discharge/termination.

LENGTH OF THERAPY: Therapy sessions are typically weekly or biweekly for sixty minutes. It is difficult to initially predict how many sessions will be needed. We will collaboratively discuss from session to session what the next steps are and how often therapy sessions will occur.

APPOINTMENTS AND CANCELLATIONS: You are responsible for attending each appointment and agree to adhere to the following policy: *If you cannot keep the scheduled appointment, you MUST notify our office to cancel or reschedule the appointment prior to 24 hours of the scheduled appointment time. If you cancel or reschedule more than once, we may re-evaluate your needs, desires, and motivations for treatment at this time. Appointments cancelled with less than 24 hours noticed or appointments wherein the client does not attend, the individual will be charged \$50.00.*

FEES: The fee for each therapy session is \$140.00. Payment is due at the time of service. Acceptable forms of payment are exact-amount cash, check (insufficient-funds checks will be returned upon full payment of the original amount plus \$35.00 for any returned check), or credit/debit card. In the event that a scheduled appointment time is missed or cancelled less than 24 hours in advanced, please refer to the "Appointments and Cancellations" policy above.

The clinician reserves the right to terminate the counseling relationship if more than 3 sessions are missed without proper notification.

TRIAL, COURT ORDERED APPEARANCES, LITIGATION: Rarely, but on occasion, a court will order a therapist to testify, be deposed, or appear in court for a matter relating to your treatment or case. In order to protect your confidentiality, I strongly suggest not being involved in the court. If I get called into court by you or your attorney, you will be charged a fee of FEE FOR COURT ORDERED APPEARANCE (to include travel time, court time, preparing documents, etc.) to include travel time, court time, preparing documents, etc.

COPIES OF MEDICAL RECORDS: Should you request a copy of your medical records; the cost is \$1.50 per page. Payment for your medical records will be due prior or upon receipt and can be picked up at the office. Please allow at least 2 weeks to prepare medical records.

PHONE CONTACTS AND EMERGENCIES: Office hours are from By Appointment Only. If you need to contact the clinician for any reason, please call 215-260-3748, leave a voicemail, and a return call will be made as soon as possible. In case of an emergency, you can access emergency assistance by calling the National Suicide Prevention Lifeline at 1-800-273-8255. If either you or someone else is in danger of being harmed, dial 911.

PART II: CONFIDENTIALITY:

Anything said in therapy is confidential and may not be revealed to a third party without written authorization, *except* for the following limitations:

- **Child Abuse:** Child abuse and/or neglect, which include but are not limited to domestic violence in the presence of a child, child on child sexual acting out/abuse, physical abuse, etc. If you reveal information about child abuse or child neglect, I am required by law to report this to the appropriate authority.
- **Vulnerable Adult Abuse:** Vulnerable adult abuse or neglect. If information is revealed about vulnerable adult or elder abuse, I am required by law to report this to the appropriate authority.
- **Self-Harm:** Threats, plans or attempts to harm oneself. I am permitted to take steps to protect the client's safety, which may include disclosure of confidential information.
- **Harm to Others:** Threats regarding harm to another person. If you threaten bodily harm or death to another person, I am required by law to report this to the appropriate authority.
- **Court Orders & Legal Issued Subpoenas:** If I receive a subpoena for your records, I will contact you so you may take whatever steps you deem necessary to prevent the release of your confidential information. I will contact you twice by phone. If I cannot get in touch with you by phone, I will send you written correspondence. If a court of law issues a legitimate court order, I am required by law to provide the information specifically described in the order. Despite any attempts to contact you and keep your records confidential, I am required to comply with a court order.
- **Law Enforcement and Public health:** A public health authority that is authorized by law to collect or receive such information for the purpose of preventing or controlling disease, injury, or disability; to a health oversight agency for oversight activities authorized by law, including audits; civil, administrative, or criminal investigations; inspections; licensure or disciplinary actions; civil, administrative, or criminal proceedings or action; limited information (such as name, address DOB, dates of treatment, etc.) to a law enforcement official for the purpose of identifying or locating a suspect, fugitive, material witness, or missing person; and information that your clinician believes in good faith establishes that a crime has been committed on the premises.
- **Governmental Oversight Activities:** To an appropriate agency information directly relating to the receipt of health care, claim for public benefits related to mental health, or qualification for, or receipt of, public benefits or services when your mental health is integral to the claim for benefits or services, or for specialized government functions such as fitness for military duties, eligibility for VA benefits, and national security and intelligence.
- **Upon Your Death:** To a law enforcement official for the purpose of alerting of your death if there is a suspicion that such death may have resulted from criminal conduct; to a coroner or medical examiner for the purpose of identifying a deceased person, determining a cause of death, or other duties as authorized by law.
- **Victim of a Crime:** Limited information, in response to a law enforcement official's request for information about you if you are suspected to be a victim of a crime; however, except in limited circumstances, we will attempt to get your permission to release information first.
- **Court Ordered Therapy:** If therapy is court ordered, the court may request records or documentation of participation in services. I will discuss the information and/or documentation with you in session prior to sending it to the court.
- **Written Request:** Clients must sign a release of information form before any information may be sent to a third party. A summary of visits may be given in lieu of actual "psychotherapy/progress notes", except if the third party is part of the medical team. If therapy sessions involve more than one person, each person over the age of 14 MUST sign the release of information before information is released.
- **Fee Disputes:** In the case of a credit card dispute, I reserve the right to provide the necessary documentation (i.e., your signature on the "Therapy Consent & Agreement" that covers the cancellation policy to your bank or credit card company should a dispute of a charge occur. If there is a financial balance on account, a bill will be sent to the home address on the intake form unless otherwise noted.
- **Couples Counseling & "No Secret" Policy:** When working with couples, all laws of confidentiality exist. I request that neither partner attempt to triangulate me into keeping a "secret" that is detrimental to the couple's therapy goal. If one partner requests that I keep a "secret" in confidence, I may choose to end the therapeutic relationship and give referrals for other therapists as our work and your goals then become counter-productive. However, if one party requests a copy of couples or family therapy records in which they participated, an authorization from each participant (or their representatives and/or guardians) in the sessions before the records can be released.
- **Dual Relationships & Public:** Our relationship is strictly professional. In order to preserve this relationship, it is imperative that there is no relationship outside of the counseling relationship (i.e.: social, business, or friendship). If we run into each other in a public setting, I will not acknowledge you as this would jeopardize confidentiality. If you were to acknowledge me, your confidentiality could be at risk.
- **Social Media:** No friend requests on our personal social media outlets (Facebook, LinkedIn, Pinterest, Instagram, Twitter, etc.) will be accepted from current or former clients. If you choose to comment on our professional social media pages or posts, you do so at your own risk and may breach confidentiality. I cannot be held liable if someone identifies you as a client. Posts and information on social media are meant to be educational and should not replace therapy.
- **Electronic Communication:**
 - **If you need to contact me outside of our sessions, please do so via phone.**

- **Do not use email for emergencies.** In the case of an emergency call 911, your local emergency hotline or go to the nearest emergency room. Additionally, e-mail is not a substitute for sessions. If you need to be seen, please call to book an appointment.
- **E-mail is not confidential.** Do not communicate sensitive medical or mental health information via email. Furthermore, if you send email from a work computer, your employer has the legal right to read it. E-mail is a part of your medical record.

PART III: HEALTH INSURANCE

YOUR INSURANCE COMPANY: By using insurance, I am required to give a mental health disorder diagnosis that goes in your medical record. The clinical diagnosis is based on your current symptoms even though you may have been previously diagnosed. We will discuss your diagnosis during the session. Your insurance company will know the times and dates of services provided. They may request further information to authorize additional services regarding treatment.

IMPORTANT: Some psychiatric diagnoses are not eligible for reimbursement. In the event of non-coverage or denial of payment, you will be responsible to pay for services provided. **Compass Counseling and Associates, LLC** reserves the right to seek payment of unpaid balances by collection agency or legal recourse after reasonable notice to the client.

PRE-AUTHORIZATION & REDUCED CONFIDENTIALITY: When visits are authorized, usually only a few sessions are granted at a time. When these sessions are complete, we may need to justify the need for continued service, potentially causing a delay in treatment. If insurance is requesting information for continued services, confidentiality cannot be guaranteed. Sometimes, additional sessions are not authorized, leading to an end of the therapeutic relationship even if therapeutic goals are not met.

POTENTIAL NEGATIVE IMPACTS OF A DIAGNOSIS: Insurance companies require clinicians to give a mental health diagnosis (i.e., “major depression” or “obsessive-compulsive disorder”) for reimbursement. Psychiatric diagnoses may negatively impact you in the following ways:

1. Denial of insurance when applying for disability or life insurance.
2. Company (mis)control of information when claims are processed.
3. Loss of confidentiality due to the increased number of persons handling claims.
4. Loss of employment and/or repercussions of a diagnosis in situations where you may be required to reveal a mental health disorder diagnosis on your record. This includes but is not limited to; applying for a job, financial aid, and/or concealed weapons permits.
5. A psychiatric diagnosis can be brought into a court case (i.e.: divorce court, family law, criminal, etc.).

It is important that you’re an informed consumer. This allows you to take charge regarding your health and medical record. At times, having a diagnosis can be helpful (i.e.: child needing extra services in the school system or a person being able to receive disability).
